

## Drinking Fountain With Bottle Filler

Product Code: DFBF

### Combined Drinking Fountain With Integral Water Bottle Filler

Product Code DFBF

- Stainless steel drinking fountain with built in water bottle filling station.
- Available in adult and junior height.
- Available as a free standing pedestal unit by adding a cover panel.
- Manufactured from stainless steel with a matt polished finish.
- WRAS approved drinking fountain bubbler tap.
- WRAS approved press button bottle filling tap.
- The drinking fountain with bottle filler has radius front corners to ensure there are no sharp edges or corners for safety.
- The bottle filler is recessed into the unit to prevent vandalism and damage usually associated with swan neck bottle fillers.
- The recessed bottle filler incorporates a push button tap and has an opening sized to take all common 0.5, 0.75, and 1 litre water bottles.
- Floor and wall mounting points with a full adult height undershroud to conceal all plumbing.
- Complete with two 32mm waste fittings with flexible waste pipes joined with a T piece to leave a single outlet.
- 1/2 inch threaded connections on both the drinking fountain bubbler and bottle filling tap.
- Lockable side door for access to the plumbing connections and fixing points.
- Large rear opening to facilitate water supply pipes and waste connections.
- With increased coverage on plastic waste we can help by encouraging the refilling of plastic bottles.
- Recommended for many applications including schools.

#### Size

- 900mm high Adult (760mm - Junior).
- 300mm front to back.
- 300mm wide.
- Rear access hole 235mm from floor level.

#### Delivery

- From stock usually 1 to 2 working days.
