

Foot Pedal Drinking Fountains

Product Code: DFWH-PEDAL

Foot Pedal Drinking Fountain

Product Code DFWH-PEDAL

Stainless steel foot pedal operated drinking fountain. The drinking fountain is operated with a WRAS approved foot valve with water saving on / off operation. The foot operated valve can either be mounted on the back wall or by simply turning the foot lever round the valve can be mounted on the floor. The drinking water tap is WRAS approved and has no button for true hands free operation of the drinking water fountain. In today's climate no touch drinking fountains offer a safe source of drinking water whilst reducing the risk of cross contamination from users all touching the same surface.

- Foot pedal operated stainless steel drinking fountain.
- **WRAS approved foot valve.**
- **WRAS approved bubbler tap.**
- Bubbler tap with adjustable water flow control.
- Drinking fountain manufactured in one piece from 1.6mm thick grade 304 stainless steel for extra vandal resistance and durability.
- Radius front for safety.
- Supplied with wall bracket and 32mm waste fitting.
- Our products are often copied, please beware of cheap imported drinking fountains, and non WRAS approved valves, make sure you get the approval number and the valve has the correct markings.
- Please ensure that these are drained down and isolated in cold weather to avoid damage to the valve and bubbler.
- Foot operated drinking fountains with bottle / cup filling valves are also available.
