Product Code: UWHC

### Stainless Steel Trough Urinals

Product code UWHC

Trough urinals manufactured from grade 304 stainless steel with a satin polished finish. Wall mounted urinals offer a cleaner, easier to install, and cheaper alternative to traditional individual [bowl urinals](#). The UWHC model urinals are available to order online in six standard sizes, and can also be manufactured to order in any size up to and including 3000mm in one piece. The urinals come complete as standard with a stainless steel auto flushing cistern, stainless steel downpipe, and 38mm plastic waste fitting. Standard features are:

- Grade 304 stainless steel.
- **6 standard sizes in stock for immediate despatch.**
- Vandal resistant horizontal sparge pipe flushing system.
- **Stainless steel auto cistern** and stainless steel downpipe (not the cheaper plastic option).
- Cistern and downpipe located centrally above the urinal (exposed).
- Optional back entry connection with a concealed cistern and downpipe (made to order).
- 6 standard sizes with left or right hand outlets and top entry cisterns in stock for immediate despatch - 900mm, 1200mm, 1500mm, 1800mm, 2100mm and 2400mm.
- Left or right hand 38mm waste fitting.
- Stainless steel cistern included in the price.

#### How do our urinals differ from other models

- Our urinals include a stainless steel vandal resistant auto cistern as standard - not plastic - no-one else offers this as standard.
- 6 sizes with both left and right hand outlets in stock for immediate despatch.
- Delivery time is usually next working day - for orders placed later in the day it will be 2 working days (time is dependant on the carrier workload).
- Our horizontal concealed sparge flushing pipes are fitted to the urinal, cheaper models require the installer to fit them to the urinal adding to the installation time and cost.
- Our urinals are manufactured and stocked in the UK.
